Thank you Richard. I know the briefing took a different direction than planned and really thankful that you were with us.

I've attached a copy of the Second Statement of Joint Principles and Actions which was entered by Arkansas and Oklahoma in February 2013.

In addition, as follow up to our meeting earlier this week, Randy Gee informs me that the appropriate Cherokee Nation official wor a discussion with the RA is Sara Hill, Secretary of Natural Resources. Her contact information is below. I understand from Randy that the Illinois River is one of the priorities that Cherokee Nation would like to discuss with the RA.
